MOST FUEL-EFFICIENT COMPACT

Drive@earth

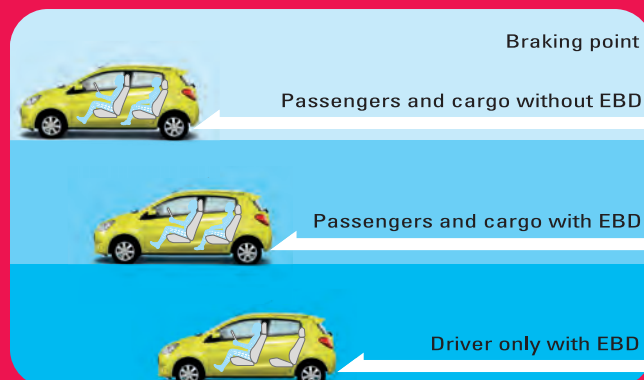

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.

ABS

ABS (Anti-lock Braking System) helps prevent individual wheels from locking up under hard braking.

EBD

EBD (Electronic Brakeforce Distribution) electronically adjusts braking force between front and rear axles to reduce stopping distance.

Dual SRS Airbags

In the event of a crash, its dual SRS airbags offer protection for both driver and front passenger. Used in tandem with the 3-point ELR seatbelts, they provide an excellent degree of safety.

Seat Belt Pre-tensioners

The driver and front passenger's seatbelts are available with pre-tensioners that reel in to secure the occupants in the initial moments of impact.

Immobilizer

It comes with an immobilizer and alarm system, and is equipped with wave-sensors that will trigger the alarm in the event of an intrusion.

Anti-pinch Power Window

To avoid any risk of injury when winding up windows, a sensor will automatically wind down the window if it detects any obstruction.

SMALL IS MORE CONVENIENT

Clever use of space allows the Mirage to maximise utility and enhance convenience.

EASY DRIVE

- A Thin A Pillars**
Reduces blind spots with wider front view.
- B Low Belt-line**
Improves side visibility with larger uninterrupted viewing area.

Best In-Class Turning Radius
Provides optimum manoeuvrability in narrow streets and makes parking a breeze for any driver.

PRACTICAL SPACE AND UTILITY

60:40 Rear Split Folding Seats

Dual Compartment Dash Area

Dual Front Cup Holders

Utility Hook

Tonneau Cover*
(Hard type)

3 Height-adjustable
Rear Headrests

Seat Height Adjuster
(Driver's seat)

*Only available on GS (CVT) variant

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.

SMALL IS MORE CUSTOMISABLE

Make it truly your own with an exclusive range of original accessories.

DIMENSIONAL VIEWS

MIRAGE

SMALL IS MORE

Presenting the new eco-friendly Mitsubishi Mirage. With our most fuel-efficient compact car, you'll never look at small the same way again. Apart from having an unrivalled fuel efficiency of 21 km/litre**, you'll find that this little wonder also boasts a host of premium features unheard of in its class like a Smart Key System, Push Start Button, 2-DIN audio system, 4ABS+EBD and dual SRS airbags. Things usually found only in bigger cars. Pretty amazing package for a small car, isn't it?

So don't judge a book by its cover. Read on and see just how much more the Mitsubishi Mirage has to offer.

 **21** km/ℓ

** Based on New European Driving Cycle (NEDC). Actual range and fuel consumption figures may vary depending on driving patterns.

SMALL IS MORE STYLISH

Thoughtfully designed features and top class aerodynamics from front to rear let the Mirage redefine the compact car category.

Headlamp

Wide halogen headlamps provide excellent illumination.

Rear Spoiler With Integrated LED Brake Light*

Enhances aerodynamic rear down force and creates a sportier look.

14" Alloy Rims

Lightweight wheels improve fuel economy and performance.

Smart Key*

Hassle-free convenience with Keyless Operation System.

Front Bumper

Designed for better aerodynamics resulting in greater fuel efficiency.

Front Fog Lamp*

Improves visibility during rainy days and generates greater sportiness.

Push Start Button*

Brings engine to life at a push of a button.

*Only available on GS (CVT) variant

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.

SMALL IS MORE EFFICIENT

Designed to travel further on less fuel with lower emissions, the Mirage is the eco-friendlier choice that's good for the environment.

MIVEC Engine

Its 1.2-litre DOHC 12-valve engine provides optimum performance and efficiency in a compact aluminium powerplant. Using MIVEC (Mitsubishi Innovative Valve timing Electronic Control) technology, it provides precise torque over high, mid and low rev ranges, resulting in efficient output even when cruising at high speed.

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.

21 km/Litre** Fuel Efficiency

With its best-in-class fuel efficiency, it can take you further on a single tank of petrol – up to a maximum range of 735 km.

** Based on New European Driving Cycle (NEDC).
Actual range and fuel consumption figures may vary depending on driving patterns.

Smooth Aerodynamic Design

Good aerodynamics is key to improving driving performance. It has a Coefficient of Drag of a mere 0.30Cd that is the best in its class. Lesser drag means lesser wind resistance, thus resulting in lesser fuel consumption.

INVECS-III CVT*

To provide smooth acceleration and improved performance in various road and driving conditions, the engine is mated to an INVECS-III CVT transmission.

* Only available on CVT variants

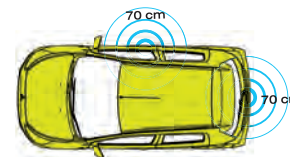

SMALL IS MORE INTELLIGENT

Stunningly smart Keyless Operation System coupled with ETACS (Electronic Time and Alarm Control System), provide a touch of sophistication and effortless driving convenience.

KEYLESS OPERATION SYSTEM

Smart Key*

Gain entry and operate the Mirage without ever removing the smart key from your bag or pocket. Effective area is within approximately 70cm of the vehicle.

Driver's Side Lock and Release Button*

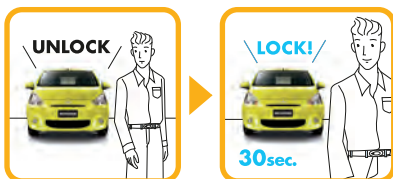

Push Start Button*

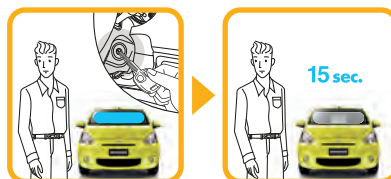

Tailgate Door Lock Button*

ETACS

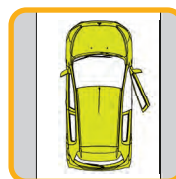

Automatic Door Relock System

As a safety precaution, all doors automatically relock if any door is not opened within 30 seconds after the lock release button is pressed.

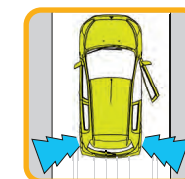

Cabin Interior 15-Second Delayed-Action Light Shutoff System

A convenient feature for checking on luggage or equipment inside the vehicle, the cabin lights remain lit for 15 second after the doors are closed before shutting off.

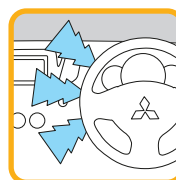

Automatic Light Shutoff System

The headlights automatically turn off when the engine is shut off or when the doors are opened, thus helping conserve the battery.

Door Ajar Warning Buzzer

An alarm sounds if all doors are not firmly closed when the vehicle starts moving.

Lane Change Turn Signal System

Useful when changing lanes, a simple tap of the turn signal activates the signal light to flash three times.

Delayed-Action Power Window

Power windows remain operational for 30 seconds after the engine is shut off.

SMALL IS MORE STYLISH

Great styling continues inside the spacious cabin with a range of premium features.

Most Spacious
Legroom In
Its Class

**Leather Wrapped Steering Wheel*
with Electric Power Steering (EPS)**

Provides better grip and effortless manoeuvring.

Leather Gear Knob*

Wrapped in leather for a luxurious touch.

**Fully Automatic Digitised
Air-Conditioner***

Automatically adjusts fan speed for cool driving comfort.

**2-Din Audio System with
USB / iPod Interface**

Take in-car audio entertainment to a new level with plug and play iDevices.

Bright View Meter Cluster

Brightness-adjustable instrument panel that's clear and easy to see.

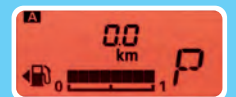

Multi-Information Display

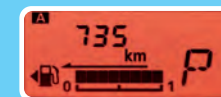

Ensures vital information about the car is always at your fingertips.

Control

*Only available on GS (CVT) variant

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.

SMALL IS MORE SECURE

Equipped with essential safety features, the Mirage delivers absolute driving peace-of-mind.

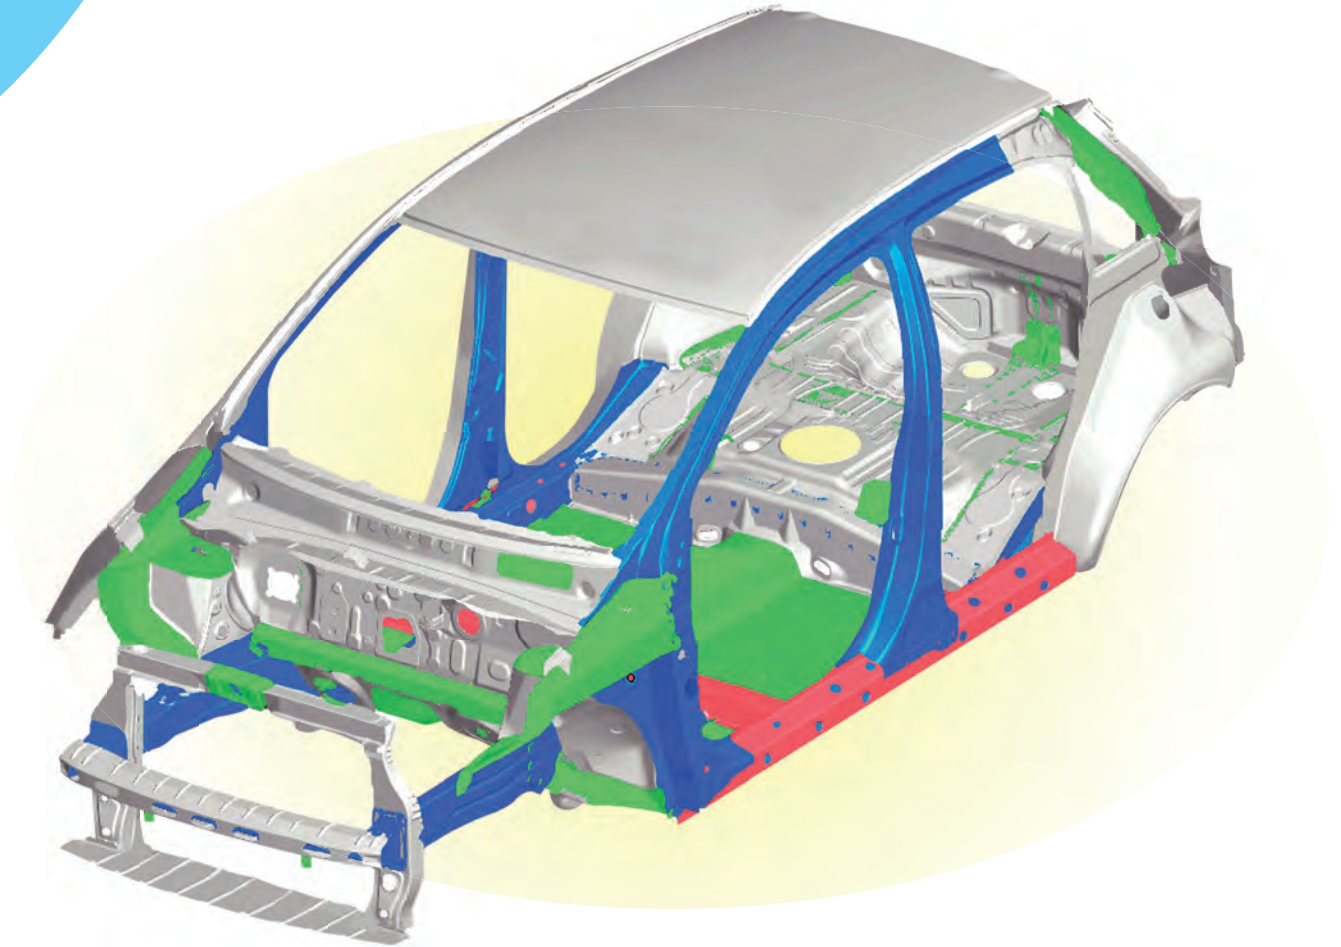

RISE

The Mitsubishi RISE (Reinforced Impact Safety Evolution) body has been proven to improve safety in collisions.

Its high tensile steel impact-absorbing frame effectively absorbs and disperses crash energy from all directions.

High Tensile steel application

	980 MPa		590 MPa
	440 MPa		270 MPa

*Only available on GS (CVT) variant

Note: Some equipment may vary according to market. Please consult your local Mitsubishi dealer/distributor for more information.
